Description of the location

(The premises and the area around them, access, adaptations, equipment, facilities, suitability for relevant special needs, staffing & qualifications etc)

The Hayes is situated within five minutes walk of Sherborne town centre and historic Abbey. The home is arranged on one level with single bedrooms divided into five separate bungalows linked to a large lounge area. Each bungalow has a separate lounge/dining area. Level access is provided to mature secure gardens. The home was originally purpose built and offers adapted communal facilities and equipment to meet needs of residents which include two fully accessible shower rooms and four bathrooms with specialist baths. Three bedrooms are fitted with overhead hoist equipment and other moving and handling equipment is available to ensure that residents needs are met.

The home aims to provide care for people over the age 65, but may consider admission of a person under 65 if a thorough assessment supports this and enables the Registered Manager to confirm that the home can meet the individuals needs/outcomes.

Facilities offered include; free internet access, hairdressing, chiropody, library service, multi faith church services and a range of other social activities.

The home ensures there are adequate numbers of management, care and domicillary staff on duty during the day and night to meet the needs of all residents. Staff are trained, according to their role, in line with national guidelines, to ensure that all staff have the appropriate knowledge and skills to meet the needs of residents.

We work closely with other professionals in health and social care which includes District Nurses, Community Mental Health Team, Social Workers, Opticians and Chirpodists. The home is served by three GP practices all which come to the home to offer a regular clinic session to residents. We also have a dedicated Occupational Therapist who visits the home on a weekly basis to support and advice staff and residents in relation to moving and handling needs.

The Hayes has achieved accreditation under the Gold Standards Framework for end of life care enabling residents to have the choice to remain in the home in their final days of life.

The ethos of the home is to support residents to live well and we actively promote Person Centred Care through care planning processes and ensuring choice is given to all residents in all aspects of their daily lifes.
